BOOK LIST

Programme: Four-Year Undergraduate Programme (FYUGP) **Subject:** Zoology **Coverage:** Semester I–VII

Purpose: A comprehensive semester-wise recommended bibliography for students, teachers and departmental library reference. Each entry gives the book title, author/editor and publisher. Core textbooks and additional reference books are grouped under the relevant course areas.

Important: This is a recommended departmental book list, not a verbatim reproduction of the Gauhati University syllabus bibliography. The course areas are organized with reference to the revised GU FYUGP Zoology structure (effective from August 2025) and the official 2026 syllabus listing. Some Semester IV–VII electives are optional; retain only those offered/selected by the college and the student's batch.
